IIT Roorkee

प्रो० ए० के० चतुर्वेदी, निदेशक
Prof. A. K. Chaturvedi, Director

MESSAGE

About two decades back I had briefly served IIT Roorkee, as a faculty member in the Department of Electronics and Computer Engineering. I feel honored to have now got the opportunity to lead this hallowed institution.

As the members and donors of IITRHF would know, befitting its glory, IIT Roorkee continues to make great strides as a place for higher learning and research. With such a strong foundation, time is ripe that in the times to come we aim to be within the top three institutions of the country.

However, despite the confidence that such a goal is within reach, it will be an extremely arduous task to accomplish. While the students, faculty and staff of the institute continue to toil to take the institute to greater heights, a huge infrastructure deficit, both in terms of basic facilities as well as in terms of research facilities, has accumulated over the years. It is a herculean task to bridge this deficit and at the same time sustain the growth trajectory. I want to get started with the job with the support of Government of India and the huge number of highly successful alumni of IIT Roorkee, in the government and private sector, in India and abroad. In this endeavor, I value IIT Roorkee Heritage Foundation as an invaluable partner. Over the last decade, IITRHF has shown that it has the capacity to connect alumni to the students of IIT Roorkee. I am sure that it will be able to continue with this wonderful job and at the same time help IIT Roorkee realize its vision. I look forward to closely working with IITRHF and wish it all the best in its endeavors.

Chaturvedi. 1/2/17
